

# SPEED. AUTOMATION. EFFICIENCY. GET IT ALL WITH A COMPLETE WIPES SYSTEM.

## FEATURING THE MOMENTUM CANISTER LOADER

The Momentum wipes canister loader delivers speed and efficiency to your packaging line. Its automated design makes loading wipes fast and easy. The Momentum loads canisters at twice the rate of other loaders to double the throughput of typical inline systems.

- **Made in the USA**

Our equipment is designed and manufactured in the USA to deliver exceptional results.

- **Fast loading**

Momentum can load up to 250 containers per minute – double the speed of other loaders.

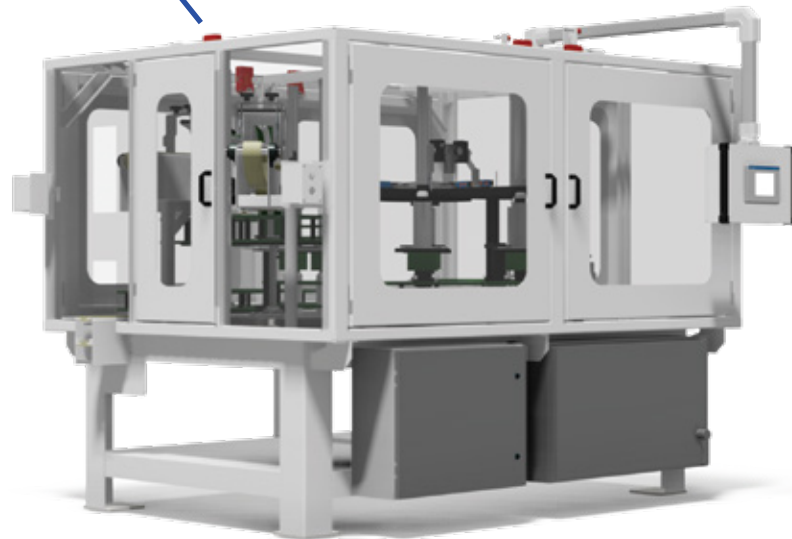

- **Full line integration**

Robinson can provide a full turn-key wipes line from winder to case packing. Or customize your existing line with upgrades as needed.

- **Comprehensive support**

Our Wisconsin-based team is readily available for training, technical support and product service.
